MUSIC
WORKSHOP

CELEBRATE JUNETEENTH

Activity No. 2 

Create a family train by playing follow the leader:

- Line up. The first person in line is the leader.
- The leader chooses how the train will move (choose a locomotor movement such as skip, walk, roll, or march) and where the will train go.
- Put on a recording of *This Train is Bound for Glory*, start your engines, and go!
- Move your train to the music and don't forget to add your favorite train sound effects.

For more advanced musicians, create your own traveling body percussion patterns. Choose from stomp, clap, pat and snap. Patterns should be four or eight beats long.

What other creative ways will your family celebrate Juneteenth?
